

# *Treverno Meadows Learning Centre*

Guiding individual Journeys with Care  
and Purpose.

Treverno Meadows Learning Centre is a dedicated provision developed by Meadow Pathways, offering compassionate, nature-based education and therapeutic support for up to 20 young people with SEMH and SEND needs.

Rooted in our ethos of care and collaboration, the centre focuses on nurturing growth, building confidence, and preparing young individuals for a brighter, more connected future.

# Our Commitment

Intent	Implementation	Impact
<ul style="list-style-type: none"> <li>• To give children a safe, caring place where they feel understood and have access to a therapeutic environment. Rebuild trust</li> <li>• with families who've felt let down by previous educational settings. To help them enjoy learning again through creativity and nature. To build confidence, friendships, and independence for the future.</li> </ul>	<ul style="list-style-type: none"> <li>• Small groups with highly trained support staff.</li> <li>• Therapeutic activities: play, art, music, sensory all lead by trained specialists.</li> <li>• Working collaboratively with families to ensure that planning meets the young persons needs.</li> <li>• Outdoor learning, play and exploring nature.</li> <li>• Practical life skills and emotional wellbeing support.</li> <li>• A core curriculum that will be adapted to meet the needs of each individual young persons EHCP.</li> </ul>	<ul style="list-style-type: none"> <li>• Children are resilient, able to reflect, engaged and more self aware.</li> <li>• Families see their child re-engage with learning.</li> <li>• Stronger relationships at home and school.</li> <li>• Relevant qualifications to support their future aspirations/careers.</li> <li>• A sense of belonging and hope for the future.</li> <li>• Stronger relationships with families/carers lead to improved engagement, attendance, and learner progress.</li> </ul>

Safeguarding is at the heart of Treverno Meadows. Our approach is rooted in empathy, early intervention, and close collaboration with families and professionals. We follow national guidelines, embed trauma-informed practices, and ensure all staff are trained to identify and respond to concerns. With experienced safeguarding leads and ongoing support for families, we create a safe, nurturing environment where every child feels heard, protected, and valued.

# Our Vision

We're at the beginning of an exciting journey at Treverno Meadows a vision rooted in compassion, collaboration, and care. Our current planning proposal, now submitted, outlines a thoughtfully designed site that blends therapeutic spaces, nature based learning, and community connection. As founders with over 30 years of combined experience in supporting vulnerable children and young people, we're deeply committed to creating a truly bespoke environment for Cornish learners with SEMH and SEND needs. We warmly invite families, professionals, and partners to support us in shaping a space where every child can thrive, find purpose, and feel truly at home.
